6. Registration

Age-Group Registration Process

The World Triathlon registration platform Njuko will be used for Age Group registrations.

The World Triathlon Competition Rules determine the number of starting places for each National Federation.

World Triathlon will provide each National Federation with a specific link enabling their athletes to register directly on the Njuko registration platform. If you do not receive this link, please contact entries@triathlon.org.

Athletes will register themselves for the event and must sign all event waivers.

Top 3 Medalists of Wollongong 2025 Sprint and Standard distance triathlon World Championships will receive the link to register directly.

Once athletes register through Njuko, they will not be automatically added to the start list. They must first be approved/validated by their respective National Federations.

The registration deadline is 31st of July 2026.
